'This was probably the best CPD

experience I have had in 25 years of teaching. It was an incredible opportunity to learn alongside colleagues. The facilitators were experts in their field and I came away from the event feeling confident that I could apply my new knowledge immediately. Thank you so much. It has been a pleasure and a privilege to work with you all.'

Nicola Glover, Deputy Headteacher, Castle Church Primary School

'The facilitators are extremely competent, inspiring speakers who between the three of them have a special blend that kept me engaged for the full two days, no easy achievement given that Headteacher's rarely sit still for prolonged periods! At the start of the residential we were challenged to take a reflective glance at our leadership practice – rather than a glance, I would compare the positive self-reflection I underwent to a leadership hall of mirrors, such was the meaningful challenge and interrogation to my leadership style. I left feeling not only more self-aware, but certainly more in tune and aligned with the goals I want to achieve in my school. Thank you for the opportunity and instilling me with strategies and tactics that leave me feeling better equipped for the icebergs around the corner.'

Jamie Rogers, Deputy Headteacher, Priestmead Primary School and Nursery

'What a fantastic two days! My understanding of many areas has increased dramatically over the two days; it has enabled me to reflect on my ethos and moral purpose. I now believe, that when I'm ready, I will be able to lead a team, creating a clear vision and developing an inspirational curriculum for all learners. I have gained an insight into my own beliefs and have enjoyed a high level of professional discourse. Thank you to the fantastic facilitators for making all this possible.'

Abigail Schwarz, Assistant Headteacher, Ellesmere Primary School

'Overall it was an excellent weekend the venue was amazing, the candelabra set dinner table was fabulous, the knowledge of the facilitators was inspiring yet I felt comforted by the fact they were 'normal

'people', our opinions were listened to and valued and I met a wide range of great people who I know will support me through this process and I think will remain friends for some time. I am really looking forward to the next residential!'

Catherine Lyth, Centre Manager, Harlescott Education Centre

Jamie McMullan, Deputy Headteacher, Etching Hill Primary School**NPQEL**

Hotel rooms and food were lovely as were refreshments. Speakers were great and very thought provoking – a really worthwhile experience and thoroughly enjoyed.'

'Just to say thank you for an inspirational two days of learning, collaboration and reflection. Whilst the two days were intensive – I personally gained a much deeper understanding into the role and expectation of an Exec Leader from all angles – whether that be in terms of curriculum excellence or managing a budget running into millions of pounds.'

Liz Peacock, Executive Headteacher, Knowsley Lane Primary School
